DESCRIPTION

This superb set of six tea cups and accompanying saucers is part of the Las Palmas Collection and crafted entirely of porcelain. Each piece features a different palm leaf design rendered in vivid green on the exterior of the cup and in delicate sepia on the saucer. Introduced at Maison&Objet 2019 in Paris, this set will be a stunning pairing for afternoon tea or after-dinner dessert, creating a delicate ambiance that is evocative of the charm of far-away lands.
