LAS PALMAS YELLOW PLATE #6

\$80

DESCRIPTION

The quiet atmosphere of the Amazonian landscape on this precious plate is enhanced by the yellow-gold color on the glossy white background. The rim, in vivid green, adds an alluring contrast to the piece. Designed by Vito Nesta to celebrate the extraordinary places he visited on his Grand Tour (hence the name of the collection), the Las Palmas series is inspired by the Brazilian nature, with its rainforest, waterfalls, and Amazonian communities.
