LAVA GOLD RING

\$180

DESCRIPTION

This stunning ring is a unique addition to an elegant black-tie event or casual brunch with friends. Its sophisticated allure and unique design are inspired by the organic dynamism of lava and by the serene stillness of the mineral elements in Japanese gardens. These two contrasting influences create a timeless piece that is bold yet elegant, a standout addition to any attire. This ring was crafted by expert artisans of bronze with a gold plating and can be combined with the other items in the Lava collection.
