## LAVA RHODIUM NECKLACE WITH SHORT PENDANT

\$120

### DESCRIPTION

Part of the Lava Collection, this elegant and modern necklace combines a simple chain with a sculptural pendant that evokes the powerful motion of lava, as it flows out of a volcano's mouth. Both chain and pendant are handcrafted with rhodium-plated metal. This piece will be an eye-catching addition to a contemporary wardrobe, either to highlight a minimalist dress or to enrich a layered ensemble with a textural element. The chain is 70 cm long (extendable to 75 cm), and the pendant is 1.6 cm thick.
