LE ROSSETTE SMALL RUST POUF

\$550

DESCRIPTION

Working modern materials using traditional weaving techniques, this pouf from the Le Rossette Collection is an exquisite example of Eugenio Taddei and Marta Spinelliare's artistry and creativity. Showcasing a hand-woven, round top in an earth-toned palette, the pouf is crafted of glossy anthracite gray PVC (warp) and rust-colored polypropylene technical rope (weft). Slightly slanted legs give the burgundy powder-coated iron frame a modern edge, creating an inviting and stylish seat for indoor and outdoor. Available in three height variants as well as several colors, contact the Concierge.
