LEBANON 3 SOUP PLATE

\$95

DESCRIPTION

This stunning soup plate was crafted of porcelain and is part of the Lebanon collection, featuring six different designs. The large rims of each soup plate is decorated with blueprints of intricate buildings sketched in white over a dark green background. An inner rim continues this symmetric pattern in delicate sepia and beige tones for a striking effect. Both sections are framed with gold bands for a refined final effect. This piece can be combined with the other designs in the same series and paired with their dinner plates counterparts.
