ZODIACO LEO DINNER PLATE

\$100

## DESCRIPTION

This plate is part of the Zodiaco collection introduced in Milan at the 2017 Salone del Mobile. A series of black and gold lines intersect on an ivory white background featuring a portion of the map of the sky. The protagonist of the piece is a lion, symbol of the astrological sign of Leo, whose Latin name and months are written in Latin on the plate. A striking addition to any table setting, this piece can be combined with others from the same Zodiaco collection and will make a wonderful gift.
