LEONARDO AND RAFFAELLO SET OF 2 CANDLES

\$130

DESCRIPTION

This set of two candles is not only a striking way to add scent and ambient light to a room, but the resin containers, splendidly coated with pure 999 silver at a molecular level, are a superb decorative accent for a contemporary room, either in pair or showcased alone. Both pieces measure 7 cm in diameter and 7.5 cm in height and store a white perfumed candle. Leonardo is adorned with diamond-shaped groove, while on Raffaello, a series of square motifs and alternating round concave elements enliven the surface.
