LETTERA DISEGNATA MULTI CARPET BY GIO PONTI

\$11,210

DESCRIPTION

Elegant and playful, the hand drawn lines in this composition create a unique and elegant carpet. An intriguing three-dimensional pattern originally designed by Gio Ponti to recreate a contemporary, yet classical, diamond texture. All Gio Ponti carpets are elegant and refined. The carpet plays with lighter and more pronounced features, blurred contrasts and hints of very bright colors. The simple geometries convey a sense of three-dimensionality and add depth to the carpet. The carpet (300 x 250cm) is entirely made of hand spun and hand carded Tibetan wool. Other sizes are available.
