LEVANZO WHITE CUPBOARD

\$11,825

DESCRIPTION

An elegant interplay of voids and solids marks the outstanding design of this cupboard, distinguished by a grooved design all along the matte-white-lacquered wooden frame. Its dramatically elongated and tapered legs in open-pore, black-stained ash suggest vintage echoes confirmed by the rounded profiles. Sublime leather handles with polychrome, contrast stitch details open to reveal the interior. Please ask the Concierge for customizations.
