LIBELLULA RING

\$240

DESCRIPTION

Inspired by the majestic world of nature, this playful ring will add a charming accent to a summer day dress or an evening's simple black attire. The structure in nickel-free metal has a gold finish to render the svelte silhouette of a dragonfly ("libellula" in Italian). Both the insect and the green-enamelled leaf where it rests are rendered in fine details. Two Swarovski crystals in contrasting red add a sparkling accent to this timeless jewel.
