Plato Design

LIGHT BLUE SCONCE

\$170

DESCRIPTION

This elegant and minimalist sconce is part of a collection handcrafted of ultra thin concrete in Plato's workshop in Rome. The rigorous cubic shape is tinted in a delicate light blue color that will fit a modern, pastel-palette children's bedroom, bathroom or study. Flanking an entryway mirror or a contemporary bed, this piece will set a sophisticated tone, with its acrylic glass bottom diffusing a soft light. Hardwired and weighing 1.1 kg, this piece is suitable only for interiors. G9 max 10W LED light bulb not included.
