LIGHT GREEN JEWELRY BOX

\$980

DESCRIPTION

This green box is perfect for storing jewelry or other precious valuables. Its wooden interior structure, reinforced with cardboard and acid-free paper, was covered in a luxurious vegetable tanned English goat skin. The interior features a soft foam pad and was lined in natural tanned Tuscan split suede. The hardware used for the closure and hinges is all in golden brass, and a delicate tassel has been added to the front of this decorative piece. The leather was worked using the blind lettering and blind tooling technique.
