LIGHTFRAME FLOOR LAMP

\$10,900

DESCRIPTION

This modern floor lamp is made of several bars in gold finish iron with a square section that cross at different heights, creating a series of rectangles positioned in different directions. LED lights run around the inner perimeter of the bars creating, when lit, unique reflections and projecting the warm glow of the golden finish around. The lights can be dimmed, to create infinite atmosphere and adapt to its surroundings. This lamp is available also in brass.
