\$12,205

DESCRIPTION

This cupboard of the Lingotto Collection will infuse character and a modern edge to any living room, office, dining room or lounge decor. Its unadorned yet captivating silhouette consists of two large 2-door rectangular modules on a liquid silver plinth base stacked on top of each other to form a tall unit. The architectural look created by the geometric shapes marked by cut corners and the different finishes (matt black- and glossy optical white-lacquered) is modern and chic and can be customized to best suit any interior decor need.
