LION BOTTLE OPENER

\$70

DESCRIPTION

The profile of a roaring lion with its mouth open is captured in all its vivid detail on the handle of this unique bottle opener. Its fine textures and life-like expression is made of acetate with a wooden-like finish. The piece is completed with metal elements in brass with a nickel finish. A precious addition to everyday life that can be used alone or paired with others from the same designer, this object can make also a fine and playful gift.
