### DESCRIPTION

A modern take on a classic silhouette, this splendid matinee necklace evokes the grace of wild safari animals. A stately lion pendant in enameled sterling silver is adorned on either side by stunning clear quartz. The necklace's geometric chain in gold-plated brass and 925 sterling silver features interlacing, diamond-like hoops and a faceted, angular chain for a visually striking contrast and textural effect. Timelessly elegant, this piece will add an edgy flair to any jewelry collection. With hook and eye clasp.
