LITTA IVORY SIDE TABLE BY RAFFAELLA MANGIAROTTI + ILKKA SUPPANEN

\$955

---

## DESCRIPTION

This versatile side table combines metal and wood in a simple and lightweight design that offers a stylish solution to modern residential and commercial interiors. Covered on both sides with scratch-proof, anti-glare, wax-finished ivory plastic laminate, the birch plywood top is detailed with a matte natural wood border. The base of steel rods in matching color represents the distinguishing feature of this table, whose particular shape is crafted with a century-old traditional bending and welding technique whereby the welding points remain completely invisible. CARB certification is available only for the article with white top and white or chrome laquered base. Please contact the concierge for more information.
