LLOLA BRACELET

\$120

DESCRIPTION

A dynamic and timeless addition to a day attire or an elegant evening dress, this bracelet is part of the Bronzo collection, named after the bronze with which is crafted, mixed with a hypoallergenic alloy. The warmth glow of the metal lends a refined allure to this piece, comprised of a double chain whose fine links support a decoration made up of an oval and the sinuous symbol of infinity. This stunning jewel can be combined with others in the Bronzo or Scaramazze collection for a cohesive look.
