LO SPIGOLO PENDANT LAMP

\$740

DESCRIPTION

From the Fuori dall'Ordinario ("Out of the Ordinary") collection inspired by architect Carlo Scarpa, this lamp will be an eclectic touch in any decor. Reminiscent of De Stijl paintings, the square silhouette is marked by a geometric design of two rectangles connected to a line that ends at the edge: this detail not only enhances the angularity of the square lampshade (40xH.24 cm.) but also creates a play on words with its title ("corner" in Italian). Crafted of silver gray stonewashed linen with golden details, this stunning piece will inspire and envelop any interior with its warm ambiance.
