LÒBIA MARMO RUG BY GIULIA FERRARIS

\$6,990

DESCRIPTION

An authentic artwork to be displayed in contemporary homes, this rug embodies the ever-changing perspective of architecture following the variation of light and time. Its vibrant abstract and asymmetrical pattern juxtaposes geometric shapes marked by assorted heights and neutral hues, brightened up by fresh accents of azure. New Zealand wool, Tencel, and linen are expertly hand-tufted to create areas of conflicting boucle and velvet textures with raised and grooved details.
