LOCUS SOLUS ORANGE DINING TABLE BY GAE AULENTI

\$4,000

---

## DESCRIPTION

This dining table is an original design from the Locus Solus series of outdoor furniture designed by Gae Aulenti in 1964, brought back by Exteta in 2016. The linear frame of tubular steel is enriched by unexpected curves along the base that recall the iconic architectural works by the late Italian designer. Finished in bright orange, the square top is in extra-light tempered glass.
