LOMBARDIA NIGHTSTAND

\$4,080

DESCRIPTION

This classic, Venetian style nightstand offers eye-catching appeal for a master bedroom among traditional furnishing. The wooden cabinet unit stands on four tapered legs and features two doors that open at the center with two small, round knobs. Finished in a rich brown color, the front panels are hand decorated with a trophy cup enclosed in an ivory holly garland. The top has a striking mélange color with an antiqued finish that adds a timeless, elegant touch. Paired with a twin in at the bedsides, or next to a sofa as an occasional table, it is a perfect complementary addition to any decor.
