LIGHTING : PENDANTS

*Siru Illuminazione*

LONDON CEILING LAMP

\$310

## DESCRIPTION

Subtle elegance and modern sophistication are combined here with the traditional artisanal methods of making glass so characteristic of the island of Murano. The shade of this ceiling lamp was mouth-blown into a mold and its internal surface is coated in white to obtain the maximum diffusion of light on the entire surface of the piece. Contemporary and classic at the same time, this light will be suitable for any decor. Light bulb: E27 max 60W (or UL E26 max 60W). Contract and commercial certifications available upon request.
