LONDRA COAT STAND

\$910

DESCRIPTION

A tribute to essential, pure lines forming a functional interior design complement, this minimal coat stand will be a sculpture in a bedroom, office, entryway, or bedroom, adding visual interest while fulfilling a clear function of holding garments and accessories in plain sight, rather than concealed in a closet or wardrobe. Handcrafted of solid walnut, the rectangular frame is made of cylindrical poles with a T-shaped supporting back and mid-height inserts that define spaces where clothes can be hung. This piece was introduced at the 2018 Salone del Mobile event in Milan.
