LONELY FLOOR LAMP

\$3,095

DESCRIPTION

Part of the Lonely collection, this floor lamp is a superb piece of functional decor that will add a lighting source to a living room, entryway or study, and a striking and dynamic decoration, thanks to its elaborate texture. The structure in metal with a brass finish is adorned with geometric inserts in black crystal that alternate in shape to create a stunning dance from bottom to top. A white fabric shade completes this elegant design.
