LOOS CAFÉ MUSEUM BROWN CHAIR BY ADOLF LOOS

\$1,340

DESCRIPTION

Timeless and elegant, this chair was first designed in 1898 by Adolf Loos to furnish Vienna's Café Museum. Its elegant silhouette will add charm to a modern or classic dining room, thanks to the Viennese straw of its seat and its frame and structure in steam-bent beechwood. The brown stain of the piece adds a traditional touch to the chair's sinuous curls.
