LOTUS SET OF TWO SIDE TABLES

\$370

DESCRIPTION

The striking details of the lotus leaf-shaped top are the protagonist of this matching set of side tables. The supporting bases, in a stylized T shape, are made of iron with a brass satin finish and measure 49 cm and 53 cm, allowing the tables to be slightly staggered when displayed together. The antiqued, oxidized finish of the green tops add a vintage feel to this set that will be a perfect accent to a modern, monochromatic living room, but can easily be combined with any other style of furniture thanks to its aesthetic characteristics
