LOUIS XV GOES TO SPARTA CHAIR BY MAURIZIO GALANTE AND TAL LANCMAN

\$2,770

DESCRIPTION

More than a mere revisitation of classic forms, this chair with armrests transforms a French-inspired design into an original seating where the austere marble becomes unexpectedly soft and comfortable. Designed by Maurizio Galante and Tal Lancman, this piece has a plywood frame covered with CFC-free polyurethane foam shaped from a multi-density block lined with Dacron. The fabric, a blend of 32% silk and 68% polyester, stands out featuring a stunning white Carrara marble photographic print that has a three-dimensional quality. This chair will be a true statement piece in any interior.
