LUCE PINK PENDANT LAMP #2

\$1,350

DESCRIPTION

Remarkable and original, this drop-shaped pendant lamp is an impeccable choice to enliven a modern room. The copper galvanized shade of its mount harmonizes with the pink tone given to the copper thread minutely hand-woven to create the mesh-like look of its diffuser, marked by generous and smooth volumes. A double layer of resin envelops the shade's surface to make it UV-resistant, dust-proof, and enhance its antioxidant properties
