LUCE PINK PENDANT LAMP #3

\$1,175

DESCRIPTION

Classy and sculptural, this pendant lamp features a copper-finished metal mount as support for its luminous shade, a mesh intertwined by hand using a single, pink-hued copper thread covered with a double layer of resin to make it UV-resistant, dust-proof, and enhance its antioxidant properties. An appealing interplay of reflections and show lines will uplift any decor thanks to the light radiating from within and filtering through the links.
