LUCERTOLE BLUE BOX WITH LID

\$360

DESCRIPTION

A stunning object of functional decor, this box with lid will make a statement in an entryway, powder room or bedroom as versatile container for a variety of different items. It was entirely crafted by hand and boasts a deep blue color finish with a unique texture of semi-spherical bas-relief elements obtained with the "sac pochette" method that continues also on the lid, and on which two gold-finished lizards ("lucertole" in Italian) rest, adding a striking contrast.
