LUCERTOLE PALE BLUE PLATE

\$360

DESCRIPTION

This stunning plate is part of the Lucertole collection, a series of decorative and functional objects adorned with a striking texture and superbly depicted lizards. In this case, the vivid shade of pale blue of the background is enlivened by the dynamic surface in bas-relief, alternating in waves to a smooth finish. Two lizards with a gold finish stand on the plate rim, creating a sense of movement and adding a sensual and organic quality to the piece.
