**LUCERTOLE WHITE BOWL**

**\$320**

## DESCRIPTION

A stunning decorative and functional piece, this bowl is part of the Lucertole collection, lizard in English. The striking animal in bas-relief is portrayed in an elegant pose with a magnificent gold finish. The piece, entirely crafted and decorated by hand, was made of ceramic and its round body, resting on a small plinth base, is adorned with a superb texture, obtained with the "sac pochette" technique, creating a series of semi-spherical elements that enliven its external texture.
