### DESCRIPTION

An intricate combination of refined materials, this eye-catching lamp will provide an alluring lighting in any room. The unique base is framed in gold-plated metal and is created by two rectangular elements in a T-shape setting atop a lacquered ebony square. The central element in translucent Onice miele with yellow-peach veining has a hexagonal design and is backlit to create a warm atmosphere and opulent visual appeal. The other lateral element is in lacquered ebony. The large, white lampshade is accented with a polished gold border and off-centered bands. The E27 bulb is not included.
