Officine di Murano 1295

LUCVIDNERO BLACK AND WHITE VASE

\$2,375

DESCRIPTION

A clever synthesis of modern style and timeless craftsmanship defines the silhouette of this vase. This bulging design reminiscent of a drop was mouth-blown from black Murano glass and flaunts a hypnotizing pattern of white stripes fluidly extending throughout its exterior that gives it a distinctive optical flair of high visual impact. The satin effect seals the aesthetic. Delivered with its authenticity certificate.
