LUI & LEI WHITE CANDLE HOLDER BY VINCENT VAN DUYSSEN

\$310

DESCRIPTION

Pure colors and a simple geometry define this striking candle holder from the Lui & Lei collection designed by Vincent Van Duysen. Crafted as a cylinder of white Carrara with a base in dark brown eco-leather, the contrast between the bold colors and textures creates an eye-catching optical illusion. Elegant in any decor, this candle holder can be used in the living room or bedroom, office or bathroom with a t-light or as a small bud vase. Available also in the monochromatic combination of green Verde Alpi marble with eco-leather in a dark green shade.
