Vittore Frattini

LUMEN NEL ROSSO PAINTING

\$5,380

DESCRIPTION

An exquisite ensemble of contrasts creates a striking visual effect when observing this painting by Vittore Frattini. Completed in June 2020 on canvas (27 x 41cm frameless) with acrylic colors and Lumen, the work can be appreciated both in the daylight or at night thanks to the luminescent quality of the paint. Inspired by natural phenomena such as lightning and storms, it boasts a red background with horizontal lines, enclosed in a classic, gold-colored frame.
