LUMINARIE SET OF THREE CANDLE HOLDERS BY CRISTINA CELESTINO

\$485

DESCRIPTION

This magical set of three candleholders is inspired by the shape of hot-air balloons as depicted in the vintage charcoal illustrations from the 20th century. Meticulously reproducing their distinctive diamond-shaped pattern, each of the three pieces is deftly handcrafted of borosilicate glass blown using the “lume” technique. Designed by Cristina Celestino, the candle holders measure: 8 x 8 x H11cm, 8 x 8 x H18cm, and 12 x 12 x H21cm.
