LUNA TABLE MIRROR

\$1,650

DESCRIPTION

The double mirror evokes the crescent moon supported by Blu Sodalite marble, its sky. Elegant, essential, winking, Luna combines the luminosity of glass, the wonder of marble and the stability of iron. The mirror is a dual element, in which one loses oneself and recognizes oneself, one discovers what is fleeting - beauty - and what is eternal - being, one distinguishes the dissimilar from the similar. Please, contact the Concierge for further information.
