\$1,310

DESCRIPTION

A stunning piece of functional decor, this elegant stand will be a versatile addition to a modern home, as layered centerpiece that will display finger food, fruit or pastries. Designed by Elisa Orsino and part of the Lunar Landscape, this piece is a modernist object that will enliven any occasion with its geometric rigor and the high quality of its noble materials. The two bottom disks are of grey Versilia marble, stacked one on top of the other with a vertical copper element. The vividly colored metal occurs also in the top semi-spherical bowl for a pop of elegant hue.
