LW 07 STOOL

\$1,540

DESCRIPTION

Part of the LW series, this striking stool is made in larch wood and solid wenge wood with a triangular top in multi-layer birch wood that is pierced in the center by a triangular hole. This decoration mirrors a bottom element also in the same shape, on which the three legs converge continuing the geometrical theme. Modern and featuring a subtle elegance, this piece can be displayed alone or used with others from the same collection for a more dynamic effect.
