MAC GEE SILVER DOUBLE BOOKCASE BY PHILIPPE STARCK

\$4,000

DESCRIPTION

Modern and dynamic, this modular bookcase by designer Philippe Starck is a striking addition to a modern living room and is suitable also for commercial interiors. The steel frame is finished with a metallic silver epoxy coating and includes two upright supports intersected by five shelves of decreasing depth arranged horizontally in an open silhouette. Evoking the shape of a ladder, this bookcase effortlessly rests on the wall, seemingly free-standing. Available also in matte black and semi-glossy white, the units can be lined up in different colors to create a striking focal point.
