\$230

DESCRIPTION

Sophisticated and exclusive, this scented candle will add a captivating fragrance and an elegant decorative touch to any room. The mesmerizing decoration of the mouth-blown Murano glass container is obtained using multiple applications of light-green and ivory pigments and glass flakes on dark-green glass with an opaque finish that enhances the optical effect reminiscent of snake skin ("serpente" in Italian). Crafted using vegetable wax and 100% cotton wick, this candle is available in 6 fragrances each packaged in different colored glass.
