MADAME SOFA

\$10,570

DESCRIPTION

Delicate volumes, bold textural contrasts, and exquisite craftsmanship make this sofa a standout addition to both a modern and a classic interior. The silhouette is fashioned of plywood padded with polyurethane foam with different densities, while the three seat cushions have down feathers, a polyurethane insert, and memory foam for a plush sitting experience. The elegant fixed cover in petrol-blue velvet elegantly highlights the gentle curves of the silhouette, strikingly contrasting with the brass details that mark the bottom of the piece.
