MAINFRAME VALET STAND IN RED

\$1,890

DESCRIPTION

Part of the Mainframe collection, this valet stand reinterprets an iconic accessory for the bedroom in a sophisticated and contemporary way, with rigorous geometries, a symmetric silhouette, and a bold attitude. The straight lines that make up its shape are in hand made steel that is highly resistant and painted in a fashionable cherry red enamel. The addition of a Star White Onyx base and a high-density wood one create a modern piece of functional decor that will be ideal to use as a handbag stand.
