## MAKEMEUP VANITY DESK

\$23,980

### DESCRIPTION

This unique vanity desk, designed by Italian architect Davide Rizzo in collaboration with AVD, is composed of three pieces: a central T-shaped desk and two sleek lateral units with drawers set on wheels that can be moved close to the central piece for a compact look. The desk, that merges minimalist lines with retro-vintage details, has a wooden structure with a matte lacquered white finish and a pull-out seat with padded cushion covered in elegant fabric. The top has three flip-top doors with black nickel finish that conceal a series of oak compartments and a large mirror on the central panel. Handles are in ivory leather with bronze-colored studs.
