MAKRAMÈ CAVIAR HOLDER

\$830

DESCRIPTION

This stunning serving goblet is a celebration of exquisite craftsmanship and traditional decor. It is designed to serve caviar, thanks to its upper small cup, equipped with a small metal spoon, resting inside a larger one to be filled with chipped ice. The larger cup rests on a gold-finished metal mesh that adds a stunningly modern and dynamic accent to the piece. The round metal base supports a single vertical element adorned with a statuette of a sturgeon curving its body. This piece will be a striking addition to a classic dining room, adding a lavish touch to any special occasion.
