MALDIVE LARGE VASE

\$150

DESCRIPTION

This stunning large vase can be displayed alone as a striking sculpture or vessel to showcase floral arrangements, or it can be combined with other decorative items in the Maldive collection. This handmade ceramic piece is inspired by the colors of the tropical ocean and stands out for its spherical shape that closes up at the top in a small mouth. It is colored with a superb shade of cobalt-blue, whose pale green textured decoration creates a superb and unique contrast.
