MANO FIORATA DECORATIVE HAND WITH GOLD - LIMITED EDITION BY GIO PONTI

\$7,500

DESCRIPTION

A superb work of art that will make a unique statement in a modern interior, this decorative hand was designed by creative master Gio Ponti when he was the artistic director of Richard Ginori for a decade starting in 1923. Interpreting age-old artisanal traditions in a contemporary fashion, this piece symbolizes the magnificent power of nature in a three-dimensional decoration that graces the smooth surface of the white porcelain. The gold applied on the flowers evokes the precious essence of plants.
